Haggai - Sermon Preached on January 1, 2023

Read through Haggai and answer the following questions.

After your first reading, what do you observe? Do you see a structure to the book? What theme or themes do you recognize?

How can you apply Haggai's words to the people of Israel in your current situation? Do you fear God's faithfulness will be less in the future? Do you see a connection between your current situation and sin?

How can God give you a brighter future when you give God glory? How does this book strengthen your faith in God and His Word?

Use Haggai to form a prayer to God. What praiseworthy attribute of God do you see in this book? What promises does God make in this book? What does God require from you? Ask God for strength in that.
