## **Josalynn Preston's Story**

Baptized October 29, 2023

FCA has helped me a lot in my walk with Christ. I've been going to FCA since elementary school and have learned a lot from FCA. Seeing kids my age sharing the Word of God is incredible to witness. I want to do the same someday.

2020 was a hard year because of COVID and not being able to go to church. I missed going to church and FCA each week. I drifted away from God. It was hard getting back into the swing of things when church opened back up. I struggled to get my relationship back with God, but finally, after a while of going to church and listening to the sermons, I finally felt the Holy Spirit again. I love going to church on Sundays and Wednesdays. I look forward to going and learning about Jesus, worshiping, and spending time with my church family. Music has had a huge impact in growing closer to God as well.

My cousin, Marley, has been an inspiration to me. Marley shared her testimony with me and was very supportive of me and my walk with Christ. She was the first person I told when I got saved. She was so proud of me when I got saved. Marley has been an incredible role model for me.

Lastly, Cooper has been a huge part of me growing in Christ. On October 8th, I was saved during Cooper's message. I remember him specifically saying, "Tomorrow is not promised. Don't ever wait on this decision." I remember just thinking to myself, "I want to live eternally in heaven." Cooper has taught me a lot about Jesus, the Bible, Spiritual Disciplines, and a lot of things I didn't know.
